Introduction

This curriculum map sets out the curriculum at the Hope Federation.

In our curriculum, we aim to make learning exciting and to give our lessons a WOW factor!

Each topic will link to other areas of learning.

This curriculum map is a tool to inform long-and medium-term planning for teachers. It helps teachers to structure their Knowledge Organisers that show the curriculum in more detail each term.

Some subjects such as PE, RE and PSHE may be taught discretely, although some links may be made to the topic where possible.
